

<b>FUNCTIONAL FINISHES</b>		
1)	APROKOOL-CONC	A Siloxane based Hydrophilic Jet stable emulsion.
2)	APROWICK-PLUS	Hydrophilic softener for all types of fabrics.
3)	AQUAGEL-SPL	Durable softener and Hydrophilic finishing agent.
4)	TUFFSIL-AF	Polysiloxane Glycol based hydrophilic softener.
1)	INFASIL	Anti Microbial agent as durable hygiene fresh finish for textiles.
2)	STERALL-CONC	An Antimicrobial agent for all types of fabric. Low dosage. Durable.
1)	AQUATEQ-SPL	Perfluoroalkyl Fluorocarbon based Water and Oil repelling agent . Durable to 10 washes. Highly economical.
2)	AQUATEQ-XTRA	Perfluoroalkyl based Fluorocarbon Compound to impart water and oil repellency . Durable to 15 to 20 washes.
3)	AQUAPHOBE-SNT	Perfluoroalkyl based Fluorocarbon Compound to impart water and oil repellency. Durable to 30 & above washes.
!		
1)	FUNGITEX-XL	The Rot proofing agent.
2)	TENTEX-PLUS	For Water Proofing of Tentage materials.
3)	TEXSEAL-BOND	An additive for water proofing.
1)	ACTIZYME-TL	Biopolishing Enzyme. Acid Cellulase liquid.
2)	SWISSOFT-WLL	For wool and its blends. Reduces MICRON size of wool fabric.
3)	SWISSILK-FR	Biopolisher for Silk.
1)	AGNIGARD-HCW-FR-12	Durable F.R. for back coating for knife application.
2)	AGNIGARD-HCW-FR-3	Durable F.R. for back coating for foam application.
3)	AGNIGARD-PDFR	Durable halogen free flame retardant for application to polyester fabrics by padding.
4)	AGNIGARD-CTN	A fully Durable flame retardant for cellulosic fibres / fabrics by padding.
5)	AGNIGARD-TND	A clear, non-durable, halogen free flame retardant designed for pad application, especially for Cellulosics.
6)	AGNIGARD-SDBL	A halogen free semi durable flame retardant designed for pad application for

		100% cotton.
7)	AGNIGARD-DBP	A durable, halogenated organic flame retardant designed to be applied by exhaust to 100% polyester and polyester predominant blends for both yarn and fabric, as well.
8)	AGNITEX-FRC	Non-durable & Non halogenated F.R. Suitable for all substrates.
9)	AGNITEX-ECO	Non-Durable & Non-halogenated Flame Retardant finish. Durable to dry cleaning. Suitable for all substrates.
10)	AGNITEX-RDF	Flame Retardant back coating systems for Polypropylenes, Polyesters and all synthetic blends.
11)	AGNISHIELD-NNO	A durable collapsed Foam flame retardant back-coating compound.
